MUKESH PATEL SCHOOL OF TECHNOLOGY MANAGEMENT & ENGINEERING

Parth Anandrao Ahire
Amalner, Maharashtra, India
Date of Birth: 19-03-2005

Education

MPSTME, NMIMS University **2023 - 2027**
B. Tech in Computer Engineering
CGPA: 3.05
RK Mishra Vidyamandir , Bhadarpur **2021 - 2023**
HSC: 78.44 %
ST Mary English Medium High School , Amalner **2021**
SSC: 82.60%

Projects

1)Labour Management System (Web Dev + Database)
• Developed a web-based system to efficiently manage and track labour records.
• Implemented CRUD operations with MySQL for secure data storage and retrieval.
• Built a responsive interface using HTML, CSS, and JavaScript and managed code with Git/GitHub.

2)Credit Card Fraud Detection (ML)
• Built and trained a machine learning model using Python to detect fraudulent transactions.
• Used Pandas and NumPy for data preprocessing and handling large datasets.
• Implemented ML algorithms using Scikit-learn for model training and evaluation.
• Performed data analysis and feature selection to improve fraud detection accuracy.

3) US Accident Data Analysis (Power Bi)
◦ Built an interactive Power BI dashboard using a 3GB+ US accident dataset (700k+ records), optimized with Power Query for efficient analysis.
◦ Conducted geospatial, temporal, and environmental analysis to identify accident hotspots and key traffic risk factors.
◦ Visualized trends and patterns to generate data-driven insights for traffic safety.

Certifications & Publications

• **Hackmanthan – Craw Cyber Security**
Participated in a cybersecurity challenge focused on identifying vulnerabilities and solving security-based problems.
• **Techfest – IIT Bombay (Cyber Security workshop)**
Competed in cybersecurity challenges involving practical security concepts and real-world problem solving**.**
• **Fluxus – IIT Indore Hackathon**
Advanced to the final round after clearing the knockout stage in a competitive innovation hackathon.
• **TechFeista – NMIMS Hyderabad Hackathon**
Represented the inter-campus team and collaborated to build a healthcare website prototype within a 24-hour development challenge.
• **GenAI Powered Data Analytics Job Simulation – Tata Group (Forage)**
Completed an AI-focused analytics simulation involving exploratory data analysis and generating insights for business decision-making.
• **Yugantar – NMIMS Shirpur Hackathon | 2024**
Participated in a university-level hackathon focused on creative problem solving and technology solutions.

CORE SKILLS

Technical Skills:
Programming language: Python, Java, HTML,CSS, JAVASCRIPT
Database: MySQL
Technologies/Tools: Excel, Power BI, Tablue , AutoCAD, PowerPoint, Word, Figma .
AI / Machine Learning: NumPy, Pandas, Matplotlib, Scikit-learn
Soft Skills: Analytical Thinking, Logical Reasoning, Teamwork & Collaboration,Adaptablity.

Achievements and Positions of Responsibility

• Head of Marketing Subgroup, Club Avinya – SVKM's NMIMS Shirpur
• College Topper – Science Stream (Class 12)
• Shortlisted for Final Round at Fluxus Hackathon – IIT Indore
• Led marketing initiatives and coordinated with team members to organize club activities and events.
• Promoted collaboration and teamwork while managing promotional strategies for club events.

Community Service

- Volunteered to assist devotees at Mangal Graha Temple, helping manage crowd flow and supporting temple activities during peak hours.
